As your premium partner for vehicle tuning, we offer you the best warranty services after a performance upgrade with up to **5 years warranty** after initial delivery of the vehicle.
You can find the exact warranty conditions at: www.abt-sportsline.com/service-and-warranty

In some cases, a TÜV certificate is only available at a later date. Please inform yourself before the performance increase whether the TÜV certificate for your vehicle variant is already available.

Please check the already installed tires with regard to the speed release. If the tire is not released up to the specified maximum speed, appropriate tires must be installed as an alternative to the ABT Power performance upgrade.

FROM NOVEMBER 2014 ON ALL VEHICLES ARE EQUIPPED WITH A TIRE PRESSURE MONITORING SYSTEM.

1. Indirectly measuring tire pressure monitoring system: No sensors are needed in the rims, because the measurement is made via the tire circumference.

2. Directly measuring tire pressure monitoring system: The tire pressure monitoring sensors are installed directly in each wheel. Please indicate when ordering whether the vehicle has installed a directly or indirectly measuring system. With a directly measuring system, additional costs are incurred due to the integration of the sensors.
