ABT[®]

RS6-LE
800

130 Years of passion. When performance makes history.

THE RS6 LEGACY EDITION 800

It started in 1896 with a forge. Today, ABT Sportsline stands for 130 years of engineering excellence, motorsport heritage, and an unwavering determination to get more out of every vehicle. This anniversary deserves no ordinary moment. It deserves the ABT RS6-LE 800.

As the first of three exclusive special models in the Anniversary Trilogy, it unites everything ABT stands for in a single vehicle. The foundation is already a legend. The ABT RS6 Legacy Edition – a tribute to two decades of RS6 history – impresses with 760 hp, a comprehensive carbon aerodynamics package, and its iconic „1 of 200“ numbering.

The RS6-LE 800 starts where others stop.

ABT POWER R pushes the iconic V8 to 589 kW – that's 800 hp and 980 Nm of peak torque. This is made possible by a perfectly tuned combination of the ABT turbocharger, ABT intercooler, and ABT oil cooler. Conveniently activated via the myABT app, directly through Apple CarPlay or Android Auto in the infotainment system, this power is available on demand at any time.

Exactly 30 units will be produced worldwide.

Four exhaust tips. One attitude. Zero compromises.

THE V8 SPEAKS. SUSPENSION AND SOUND IN PERFECT HARMONY.

The sound of a V8 is more than acoustics. It's a statement. The ABT stainless steel exhaust system with four 102 mm exhaust tips gives the RS6-LE 800 a voice you can't miss – and won't forget. Raw, punchy, and commanding. But sound alone isn't enough.

ABT coilover springs combined with ABT sport sway bars at the front and rear axle ensure that all 800 horsepower aren't just heard – they're precisely controlled. The RS6-LE 800 delivers driving dynamics that are both exhilarating and confidence-inspiring, whether you're pushing it on a short sprint or settling in for a long haul.

The ABT HIGH PERFORMANCE IR22 forged wheels in satin gold, fitted with GOODYEAR Eagle F1 SuperSport tires in 295/30ZR22, complete the look from the ground up. They marry performance with aesthetics and carry the Neodym color story all the way down to the asphalt.

Carbon, neodymium gold, and precise lines.

AERODYNAMICS THAT UNITES FORM AND FUNCTION.

The body of the RS6-LE 800 is not a stylistic statement. It is aerodynamic engineering work in carbon.

The ABT front lip with the RS6-LE logo and ABT front blades redefine the vehicle's front end and channel the air purposefully around the car. Front skirt inserts with optimized air flows, along with the front grill add-on and the bonnet inserts in high-gloss carbon, set the stage for an appearance that leaves no questions unanswered.

The ABT wheelhouse ventilation at the front carries the exclusive emblem badge „RS6-LE 800“ – marking precisely what you're dealing with. Mirror caps and side skirts draw a clean, uncompromising line along the vehicle's flanks.

At the rear, the rear skirt insert with RS6-LE emblem badge, the rear skirt add-on's, and a trim strip provide the finishing touch.

The ABT rear wing with Aeroblades crowns the overall picture and makes it unmistakably clear from every angle:

This RS6 was not interpreted. It was thought through to its logical conclusion.

A detailed view of the interior of an Audi RS6-LE 800. The image shows the driver's side, including the steering wheel with the Audi logo and 'ABT' branding, the dashboard, the center console with the gear shifter, and the front passenger seat. The interior is finished in a dark, high-quality material, likely leather or Alcantara, with visible stitching. The rearview mirror also features the 'ABT' logo. The overall aesthetic is one of luxury and performance.

Get In. Arrive. Never forget.

A COCKPIT THAT CARRIES HISTORY.

The moment you step into the RS6-LE 800 is no ordinary moment.

ABT door sills bearing the „RS6-LE 800“ lettering and entry areas finished in premium dinamica soul set the stage for an interior that meets every expectation. The front seats carry the ABT logo on the headrest and the RS6-LE logo on the seat back – clear signatures of what this cabin embodies. The start-stop-switch-cap, the boot mat with ABT logo, and the floor mats with embroidered RS6-LE logo bring the atmosphere together into a complete picture that radiates the Legacy Edition spirit in every detail.

Every one of the 30 RS6-LE 800 units carries its most extraordinary detail deep within:
the ABT Time Capsule „130 Years of ABT.“

An exclusive commemorative coin, permanently built in, makes this vehicle an authentic witness of a truly one-of-a-kind history. Dashboard covers and seat frame covers in high-gloss Carbon complete the picture. The color accents of the Exterior carry seamlessly into the Interior.

You're not simply sitting in an RS6. You're sitting in one of only 30 RS6-LE 800 units worldwide..

FACTS

ABT POWER R

441 kW (600 HP), 800 Nm to approx. 589 kW (800 HP), 980 Nm engine code DYGB
463 kW (630 HP), 850 Nm ot approx. 589 kW (800 HP), 980 Nm engine code DYGA
incl. ABT-turbocharger, ABT-intercooler and ABT-oil cooler

ABT AERODYNAMICS

ABT front lip with RS6-LE logo incl. ABT front blades (carbon gloss)
ABT front skirt inserts (carbon gloss) incl. optimized airflow
ABT front grille add-on (carbon gloss)
