

## **ABT Sportsline 2015 – Press release CW44** **Readers of Swiss *auto-illustrierte* give ABT top rating in two categories**

**ABT Sportsline** is a Bavarian company, and the Alps are home to quite a few peak performances. Not surprisingly, the Swiss love such peaks, which, in turn, are reflected in the renowned ***auto-illustrierte*** readers poll among car enthusiasts.

The **RS6-R**, technically and exclusively upgraded by **ABT Sportsline** to 730 HP/ 537 kW and also visually enhanced, ranked **1<sup>st</sup>** in “category B: limos and estates”. And since the Swiss don’t only like individual **ABT** models but the whole company, they also rated it the overall **Best Brand** in the tuning category. The awards were presented at the Auto Zürich show on 29 October. “I would like to thank all who took part and the magazine, too,” says a pleased CEO **Hans-Jürgen Abt**, who this year had already got even a few more awards for this super estate by **ABT**.
